

Niyonkuru Marie Chantal

Software Developer

An enthusiastic student with the ability to work with minimal supervision, formal knowledge gained through excellent classroom performance. Known for efficiency and best-in-class time management. I am at my best when I want to solve a complex problem by analyzing and focusing on the most important information. An Ambitious girl dedicated to solution-oriented problem solving and critical thinking, meticulous and detail-oriented with excellent observational, organizational, and communication skills. Believe in the power of transforming imaginations into reality and providing solutions for every technical problem.

PERSONAL PROJECTS

Real Estate website (04/2021 - 05/2021)

- It is a website that connects People with real estate with others who want to buy them. I Used HTML and CSS.

E-Commerce Website (06/2021 - 07/2021)

- It is an online marketplace for African farmers to build the largest online farmers' marketplace for them. I aim to connect farmers with sellers and suppliers with farm inputs and people from different countries to get agricultural products they want easily online. It has USSD connected to it to help people who can't access our website. I Used react framework(Javascript).

Record System (04/2021 - 04/2021)

- It is a system that keeps the records of students' or employees' information safe. I Used javascript, HTML and CSS.

Book Keeping App (05/2021 - 06/2021)

- It is an app that will allow Rwandan People to book tickets for transportation and updates them so that they can not be left. It will enable them to save time and hence reduce the shortage of cars. I used Android (Kotlin)

ACHIEVEMENTS

African Girls Can Code Initiative(AGCCI) Representative. (08/2018 - 09/2018)

I represented all Rwandan Girls in African Girls Can Code Initiative(AGCCI) 2028 that took place in Ethiopia-Addis Ababa(African Union) as the winner in a competition that we did as RWandan girls who were studying Computer Science.
