WORK EXPERIENCE

All Rwandan Girls' representative

Addis Ababa /African Girls Can Code Initiative(AGCCI)

08/2018 - 09/2018

Ethiopia

Acquired skills in coding, animation, and robotics

PERSONAL PROJECTS

A doctor appointment booking system (08/2021 - 08/2021)

- It is a system that allows patients to book an appointment from the comfort of their homes, using their computer, phone at any time. No matter where they are, they can contact doctors of their choice in any location. I used Django

E-Commerce Website (06/2021 - 07/2021)

- It is an online marketplace for African farmers to build the largest online farmers' marketplace for them. I aim to connect farmers with sellers and suppliers with farm inputs and people from different countries to get agricultural products they want easily online. I Used react framework(Javascript).

Record System (04/2021 - 04/2021)

- It is a system that keeps the records of students' or employees' information safe. I Used javascript, HTML and CSS.

Book Keeping App (05/2021 - 06/2021)

- It is an app that will allow Rwandan People to book tickets for transportation and updates them so that they can not be left. It will enable them to save time and hence reduce the shortage of cars. I used Android (Kotlin)
